NBN Co third quarter results

Progress for the nine months of the fiscal year to 31 March 2019:

- 8.8 million premises ready to connect to the **nbn**[™] broadband access network, and 10 million premises ready for service.
- 5.1 million premises with an active service over the **nbn**[™] access network.
- \$2.0 billion total revenue: an increase of 45 per cent compared to 31 March 2018.
- Average Revenue Per User (ARPU) of \$45 per month.

NBN Co made more than 700,000 additional premises ready to connect and activated almost 400,000 premises during the three months to 31 March 2019, to take its total customer base to almost 5.1 million premises.

Over the last 12 months more than 1.3 million additional premises have been connected to an **nbn**[™] service.

The accompanying documentation outlines the third quarter results in more detail.
